SAVVIS is a global leader in IT infrastructure services for business and government applications. With an IT services platform spanning North America, Europe, and Asia, SAVVIS is an industry leader in delivering secure, reliable, and scalable hosting, network, and application services.

These solutions enable customers to focus on their core business while SAVVIS ensures the quality of their IT systems and operations. SAVVIS' strategic approach combines virtualization technology, a global network and multiple data centers, and automated management and provisioning systems.

Every day, thousands of business and government enterprises rely on SAVVIS to provide the compute, storage, network, and security to run their mission-critical applications. Our reputation for excellence, garnered over a decade serving some of the most demanding companies in the world, is a vital element of the SAVVIS solution.

With SAVVIS, your infrastructure responds to you...so you can respond to your customer, competitive and compliance demands, quickly and cost effectively. The time to respond is now!

BUILT TO RESPOND.

CREATING VALUE.

At SAVVIS, we're changing the way businesses manage information technology. Our model of IT infrastructure as a service integrates people, technology, and systems to deliver secure and responsive solutions for our business and government customers. The result is improved availability, solid performance, and lower total-cost-of-ownership.

COMPANY PROFILE

NAME

SAVVIS, Inc.

TICKER SYMBOL

NASDAQ: SVVS

HEADQUARTERS

1 SAVVIS Parkway - St. Louis, Missouri, 63017
